AWARD

This is a reference under S. 10 of the I.D. Act. The Central Government by order No. L-20012/88/76-D.III(A), dated 22/24 February, 1979 was pleased to refer the present dispute to this Tribunal for adjudication. The terms of the reference as contained in the schedule runs as follows:

SCHEDULE

"Whether the action of the management of Kessurgarh colliery of Messrs. Bharat Coking Coal Limited, Post Office Nudkurkee, District Dhanbad in dismissing Sarvashri (1) Bharat Bilaspuri, (2) Bhim Bilaspuri and (3) Jiwan Bilaspuri, miners, with effect from the 10th October, 1975, is justified? If not, to what relief are the said workmen entitled?"

The concerned workmen viz. (1) Shri Bharat Bilaspuri (2) Shri Bhim Bilaspuri and (3) Shri Jiwan Bilaspuri, all miners, were on duty on 30-7-75 inside the new 15 seam of Kessurgarh colliery of M/s. Bharat Coking Coal Limited. They were in the shift commencing at 6 P.M. and ending at 2 A.M. on 30-7-75. They reported for duty at 6 P.M. and were directed to pick up empty tubs and to commence loading operations. They demanded full back wage for some earlier dates and wanted the incharge to mention the same in their books. The incharge was informed and he came and persuaded them to work. They wanted their books to be written inside the mine while the incharge told them to work and the books would be written in the office. They abused and threatened to assault the incharge and other men who were persuading them to work. The incharge informed the Assistant Manager by sending a munshi to him at 9 P.M. These workmen commenced loading operation at about mid-night and at 2.30 A.M. they did not go out of the pit so that other workers of the succeeding shift would come and commence the work. They picked up some more empty tubs, loaded them and came out at 7 A.M. Due to this high-handedness on their part, the company lost the work of one shift completely and the workmen were also deprived of their legitimate work. The management, therefore, issued charge-sheet to them. In their reply the workmen practically admitted the charge with explanation that for some days in the past these workmen were not allowed full complement of work in absence of the

incharge and so when the incharge was available they demanded full back wages to be written in their books. According to them such instances had occurred in the past and no charge-sheet was issued against them. They further begged to be excused if they had committed any irregularity. The management, however, held a departmental enquiry in which the witnesses were examined and opportunity was given to the workmen to defend themselves. The enquiry was conducted by Shri B. B. Singh who submitted a report finding these workmen guilty of misconduct under clause 18(1)(k)(q) and (r) of the Standing Orders. The management thereafter considered the report and dismissed these workmen. Due to the failure of conciliation proceedings this reference has been made.

In this court a preliminary hearing was made on the question of fairness of the domestic enquiry. In consideration of all the facts placed before this Court, it was found that the enquiry was fair and proper. A date for hearing of the case on merit was fixed and the case has been heard.

Exts. M1, M2 and M3 are the 3 charge-sheets concerning these workmen, viz. Sri Jiwan Bilaspuri, Sri Bhim Bilaspuri and Sri Bharat Bilaspuri. Exts. M4, M5 and M6 are the replies of these workmen to the charge-sheets. Ext. M7 is the enquiry proceeding containing 7 pages and Ext. M8 is enquiry report containing 2 pages. Ext. M9 is the office order dated 10-10-75 under which these workmen were dismissed. Ext. M10 is the note-sheet addressed to the General Manager and on this document Ext. M11 is the initial of the General Manager. Ext. M12 is also the initial of the General Manager below this document.

No evidence was adduced on behalf of the workmen. Now it may be said that so far as the facts are concerned it is more or less admitted by the workmen that they commenced their work late in their own shift and left the pit at 7 A.M. just dislocating the work in the shift commencing at 2 A.M. This action on their part is attempted to be justified on the ground that although the management were not providing them with full complement of work, they were being deprived of the full back wages and they wanted the incharge to make note of full back wages in their books. They are said to have adopted threatening attitude and even abused the incharge, the overman and munshi. Now let us look into the evidence adduced on behalf of the management. The first witness is Shri I. P. Choudhury, Asstt. Manager of the colliery. According to him the workmen viz. Bhim Bilaspuri, Laxmi Bilaspuri, Jiwan Bilaspuri, Bharat Bilaspuri, Jetu Bilaspuri were on duty from 6 P.M. on 30-7-75 to 2 A.M. He received a report at 9 P.M. that the workmen were not loading the trollies and were not allowing others to do so. The empty tubs were supplied to them at 6 P.M. It was also reported to him that the workmen would start loading operation at mid-night and not before. This report was made to him by Shri Ram Probesh Gope, munshi. H. K. Pandey and Munshi Ram, Probesh Gope persuaded them to load trollies but they abused them and threatened to assault them. They did not load the trollies nor allowed the others to load the same. His evidence is that after midnight they slowly started loading. At about 2 A.M. Munshi Ram, Probesh Gope and B. Adhikari, incharge persuaded them to leave the pit so that the workmen of the night shift could commence their work. They refused and forcibly picked up 18 empty tubs and started loading them. They left the pit at 7 A.M. next morning. The workers of the succeeding shift who had gone underground came up without work. He reported the matter to the manager and thereafter these workmen were charge-sheeted. He was cross-examined by Shri Bharat Bilaspuri but nothing was elicited to discredit his evidence. The next witness is Sri Hemant Kumar Pandey overman. His evidence is that on 30-7-75 these workmen and others came to their shift and refused to load the trollies. Before their arrival the trollies and coal was ready. The workmen demanded to call the incharge. The munshi came and gave the information to the witness who came to the workmen. The workmen demanded that they had brought their books which should be written first. The witness told them that the books would be written in the office upon which they refused to work. They also asked others not to work. When they insisted on working they were abused and threatened. This witness sent information to the Assistant Manager through the munshi at about 9 P.M. According to his evidence at about 10.30 P.M. the workmen started pushing the empty tubs and started loading at about midnight. Shri Adhikari the

successor of the succeeding shift arrived and he handed over charge to him. The third witness Sri Ram Prohesh Gope munshi has supported whatever witness No. 1 and 2 have said. He left at 2 A.M. after making over charge to Sri Ram S. Nonia, Munshi. Now Sri Ram S. Nonia has said that munshi Ram Prohesh Gope had told him that there were 13 loaded and 8 empty trollies in the pit. These workmen along with others of the earlier shift were also present. They refused to leave the pit. The men of his shift could not find any place to work. Sri Adhikary the incharge of the shift also persuaded them but to no avail. The workmen altercation with this people and also threatened to assault.

These witnesses were not cross-examined at all by the workmen. In their own statements these workmen admitted the case but stated that these things happened on account of the fact that they were not getting the full back wages. Now it is not possible to find any justification for the course of action adopted by these workmen. They have actually committed the misconduct for which they were charged by the management. There is no merit in the explanation because when the overman, incharge had assured them that their case would be considered and the books would be written in the office they should have normally done their work. Instead they commenced work late and disturbed the succeeding shift. The management considered the report of the enquiry officer. They were previously also chargesheeted and were designated as notorious people. The management, therefore ordered the dismissal. It is clear that on account of the magnitude of the offence the management had no other option but to dismiss them. There is nothing to hold that the action of the management in dismissing these workmen was unjustified. I accordingly hold that the action of the management of Kessurgarh colliery of M/s. Bharat Coking Coal Limited in dismissing S/Shri Bharat Bilaspuri Bhim Bilaspuri and Jiwan Bilaspuri miners w.c.f. 10-10-75 is justified.

But before I part with this award I would like to mention the submission made on their behalf by their lawyer. These workmen are piece-rated. This means that they are paid according to the amount of work done by them. Although there is no expressive evidence that for some time in the past they were not getting full opportunity for work, the workmen's replies to the charge-sheet show that they had the grievance that they were not getting full back wages. It further appears that they were agitated over this question and wanted to pressurise the management for either providing them with full work or to pay them full back wages. Obviously, the method adopted by them was wrong and they were dismissed from service on 10-10-75. It is more than 4 years ago that they were dismissed. They are by profession coal miners and since the coal industry has been completely nationalised they are not in a position to obtain any job elsewhere. It has been submitted on their behalf that on humanitarian ground the management should take them back into service for otherwise they and their families would face starvation. I am afraid, I am not able to pass any such direction to the management in view of my findings above that the dismissal was justified. It is for the management to consider the question of their re-employment on humanitarian ground and this is my award.

After receipt of the reference both parties filed their written statements. Workmen also filed their rejoinder. The reference has been transferred to this Tribunal from the Central Government Industrial Tribunal (No. 3) on 7-7-79 where it remained pending for a pretty long time. After the receipt of the reference from CGIT (No. 3) Dhanbad notices were issued to the parties for adducing evidence in this case. Ultimately on 4-12-79 when the case was fixed for hearing a memorandum of settlement was filed by the parties incorporating therein the terms of settlement arrived at between them in respect of the industrial dispute pending for adjudication in this Tribunal. The terms of settlement being beneficial to the workmen are accepted. Nothing therefore stands in the way of an award

being passed on the basis of the settlement. Accordingly I pass the award in terms of the memorandum of settlement which do form a part of the award as Annexure A.

SHORT RECITAL OF THE CASE

The Industrial Dispute Ref. No. 72 of 1979 (New)/65 of 1977 (Old), pending before the Honourable Industrial Tribunal No. II, at Dhanbad, raised by the K.I.M.P. (H.M.S.). The terms of reference being that whether the action of the Management of Kooridih Colliery of B.C.C.L., P.O. Sonardih, Distt. Dhanbad in not enlisting the following 44 wagon loaders as casual workers is justified? If not, to what relief are the said workmen are entitled and from what date? During the pendency of this case before the Honourable Central Government Industrial Tribunal, there was mutual discussion between the Management and the Union at Director (Personnel) level on 20-2-1979 at 11 A.M. at Karmik Bhawan wherein the item No. 2 of the said record notes of discussion the Union demanded that Shri Enwa Bhuia and 43 others unlisted casual workers should be taken as casual workers. After a prolonged discussion it was agreed by and between the Parties i.e. Management and Union that the male employees in the list enclosed herewith who have put in minimum 75 days of attendance in the relevant period i.e. 1973 to 1977 should be given job of Badli Miners as and when required. If there would not be any requirement of such workmen in this area they would be provided job of Badli Miner/loader in the neighbouring area. As regards female workers it was agreed that they could not be given job in wagon loading.

Subsequently, letter No. BCCL/IR/101/KIMP/79/44621-22 'A' dated 4-10-1979 was written by Mr. S. D. Pandey, Dy. Chief Personnel Manager (IR&R) advising for the implementation of the above referred record notes of discussion held with K.I.M.P. (H.M.S.) at D(P) level on 20-2-79, hereby by the above referred letter it was advised to make mutual settlement who put up 75 days or more attendance in the period from 1973 to 1977. In case of female workers it has been decided that those who have fulfilled the requisite attendance their sons/husbands will be given employment.

Terms of Agreement

- (1) That the unlisted casuals (male) with the requisite attendance given against their names in the Annexure (enclosed) will be listed as casual workers to be engaged as Badli Miner/Loader with immediate effect. List of such casuals (male) is marked as Annexure 'A'.
- (2) That the unlisted casuals (Female) who have put requisite attendance given against their names in Annexure 'B' shall not be taken in employment. However, it is agreed that their husband/son who shall be fit to work shall be taken into employment as Badli Miner/Loader. List of such casual (female) is marked as Annexure 'B'.
- (3) That Sl. No. 10, 39 and 41 of the list will not be listed as casual worker as they have not put in the requisite attendance. A list of those workmen is marked as Annexure 'C'.
- (4) That such unlisted casuals listed as casual to be deployed as Badli Miner/Loader will be posted at Colliery under this area. In case of no requirement

they could be posted in the nearby collieries of B.C.C.L.

- (5) That such unlisted casuals to be listed as casual to be deployed as Miner/Loader will have to give satisfactory proof of their genuineness either by affidavit or by certificate from a competent authority under Law and also from the Union concerned to be verified and finalised in the end by the Management.
- (6) That in case of genuineness of any of such employees is disputed and doubtful the Management will have every right to take immediate action for their stoppage of work without any formality and reason for the same.
- (7) However, in case of doubt in genuineness there will be joint responsibility of the Union and Management for further resumption of duty by such employees/employee.
- (8) That each such employee shall have to produce three copies of Pass Port size Photograph duly certified by the Mukhiya of their Area or other Competent Authority under law along with the certificate of their present Home Address and Fathers' name.
- (9) That each such employee shall have to give in writing that he is the really genuine person by giving their Father's name, Home Address and in case if it is proved that he is not genuine then Management will be at liberty to take legal action against him along with Union and person/authority.
- (10) That such employees (unlisted casuals to be listed as casual workmen to be deployed as Badli miner/loader) will have to report for their duties within one month from the date of this settlement to the General Manager, Govindpur Area, failing which they will lose their claim for employment as listed casual to be deployed as Badli Miner/Loader along with proof and certificate as indicated above.
- (11) That the certificate of genuineness secured from Mukhiya of his area and from other Competent authority of Law will also be certified by Shri S. K. Sharma, Vice-President, KIMP (HMS) and finalised by the Management.
- (12) That this settlement between the parties is in full and final of their claim for employment and otherwise and beyond this settlement they will have no claim whatsoever on the management for the idle period.
- (13) That it is agreed and settled and both parties will file joint application alongwith a copy of this settlement before the Honourable Tribunal—II, Dhanbad to pass an Award in terms of this settlement under Industrial Disputes Act, 1947.

AWARD

The Govt. of India in the Ministry of Labour in exercise of the powers vested in them U/S 10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred the following dispute to this Tribunal for adjudication as per Order No. L-20012 (250)/77-D-III(A) dated 12th May, 1978.

SCHEDULE

"Whether the action of the management of Nudkharkee Colliery of M/s. Bharat Coking Coal Limited, P.O. Nudkharkee, Dist. Dhanbad in dismissing Shri Ramchandra Singh, Cashier, with effect from the 5th May, 1976 is justified? If not, to what relief is the said workman entitled to?"

On behalf of the workman the General Secretary of the Rashtriya Colliery Mazdoor Sangh has filed a written statement stating that he (the workman) worked as a Cashier at

Benedih Colliery till November, 1975 when he was transferred to Nudkharkee Colliery. He was chargesheeted for misappropriation of company's funds during the period he worked at Benedih colliery. The explanation submitted by him was found to be unsatisfactory. So a departmental enquiry was held. The Enquiry Officer found him guilty and on the basis of that finding he was dismissed from service. It is said that a fair opportunity was not given to him to place his case before the Enquiry Officer. It is prayed that the workman herein may be reinstated in service with full back wages and continuity of service ignoring the departmental enquiry.

The management filed a written statement stating that the workman herein was tried departmentally for the offence of misappropriation of a sum of Rs. 472 during the period 14-4-73 to 17-1-74, while working as Cashier at Benedih colliery. On the basis of the finding submitted by the Enquiry Officer the management dismissed the workman from service with effect from 5-5-76. They say that the departmental enquiry was fair and proper and that the workman herein fully participated in that enquiry. They submit that there are no merits in this case.

The workman has filed a rejoinder to the management's written statement.

The management has not filed any rejoinder to the workman's written statement.

On 4-12-79 Shri B. Joshi for the management filed a memo of settlement duly signed by the workman and the officers of the management and prayed the Court to pass an Award in terms of that settlement. Sri S. Bose, General Secretary of the Union denied all knowledge of that settlement. The matter was adjourned to 5-12-79 for the appearance of the workman concerned. On 5-12-79 the workman appearing in person endorsed on the memo of settlement stating that he was agreeable to the terms of the settlement and that an award in terms thereof may be passed.

On going through the facts of the case, I am satisfied that the terms of settlement are beneficial to the workman.

This reference is therefore answered in terms of the memo of settlement, a copy of which is enclosed hereto for ready reference. The said memo of settlement may be read as part of the award.

AWARD

The Government of India, Ministry of Labour, by their Order No. L-12012/4/77-D. II. A dated 25th May, 1977 referred the following dispute for adjudication to this Tribunal :

"Whether the demand of S/Shri Tapan Bhattacharjee, Subrata Roy and 73 other Ticca Mazdoors listed in the Annexure for permanent absorption in the regular service of the Reserve Bank of India, Calcutta is justified ? If so, to what relief are these workmen entitled ?"

2. The case as pleaded on behalf of the concerned workmen may be briefly stated. Owing to permanent increase of work of a permanent nature and on account of vacancies caused by reason of members of the permanent subordinate staff of the office of the Bank at 15, Netaji Subhas Road, and at 8, Council House Street, Calcutta, going on leave, the bank management has been continuing to engage nearly 100 persons on "no work no pay basis" although they have to record their attendance/presence daily at 9.30 a.m. and if work is allotted to them they have to work as full time permanent subordinate workers from 9.30 a.m. to 5.30 p.m. at all departments of the bank as mazdoors or peons. These workers are called "Ticca Mazdoors". They are paid Rs. 7/- per day. They are also paid dearness allowance for continuous five days service or more.

3. The Bank management advertised for filling up vacancies in permanent posts in 1973, invited applications and prepared a panel of workers. The workers in the panel were advised to work as ticca mazdoors and to follow the system as usual for the purpose. On the average, 85 ticca mazdoors are daily engaged by the Bank management to perform the duties of permanent mazdoors/peons in the vacancies caused by reason of permanent mazdoors/peons going on leave and also for other reasons. The duties of the ticca mazdoors are the same as of permanent employees of the Bank in the relevant cadre. Owing to unfair labour practice adopted by the Bank in engaging the services of ticca mazdoors in such a way that they do not get the chance of permanency in the service, they are deprived of the benefits enjoyed by the permanent workers in matters of leave, Provident fund, retirement benefits and medical facilities.

4. The management of the Bank tried to prepare another panel inviting fresh applications for the same type of work. The ticca mazdoors then made certain demands by a letter under the signatures of 85 ticca mazdoors which has been Annexure 'A' to the written statement filed on behalf of

the concerned workmen. Thereafter the union which has sponsored the dispute in the reference, under the signature of its General Secretary, made a demand by a letter dated 11th September, 1976 that the concerned workmen be absorbed by the management as permanent mazdoors with immediate effect. The said letter has been made Annexure 'B' thereto.

5. The management of the bank by its written statement stated that the dispute referred for adjudication to this tribunal is not an industrial dispute as defined in clause (k) of Section 2 of the Industrial Disputes Act, 1947 and the reference to this Tribunal is not competent in law, on the following grounds :

(i) The dispute has not been espoused by a substantial body of class IV employees of the Bank at Calcutta;

(ii) There is nothing to show that the employees in question are members of the Reserve Bank of India Staff Association, Calcutta which has sponsored the dispute or that the said association has been properly authorised to raise the dispute in question or represent the said 75 employees.

(iii) The Union which has espoused the cause of the concerned workmen lacks representative character.

6. By an order dated November 6, 1978 I adjourned the hearing of the case to 28th November to enable the Bank to file an additional written statement on merits of the case and the workmen to file a rejoinder to the same. Pursuant to the said order, the management has filed a written statement on merits and the workmen have filed a rejoinder. In the additional written statement filed on behalf of the Bank, the preliminary objections made in the written statement have been reiterated. It is also contended that the present dispute has been raised by a small faction of the Association which itself is a minority body. The sponsoring union has, therefore, no representative character.

7. It is stated in paragraph 5 of the Additional Written Statement that out of 75 ticca mazdoors on whose behalf the present dispute has been raised, 28 ticca mazdoors whose names have been shown in Annexure III to the said additional written statement have already been absorbed in the regular service of the Bank and three persons, namely, Nani Gopal Das, Paramananda Chatterjee and Debdas Banerjee are not working as ticca mazdoors and therefore no dispute lies with regard to those thirtyone persons. In these circumstances, out of these 75 persons only 44 are now working as ticca mazdoors. I may add that these facts have not been disputed by the Union.

8. It is pleaded by the management that the circumstances in which services of ticca mazdoors are engaged are as follows :

"It has been the Bank's experience that there is high absenteeism in this cadre, and at times, it results in absence exceeding the leave reserve strength. As this results in a shortfall in the prescribed ratio of Mazdoors to Coin/Note Examiners as stated above, it becomes necessary to engage extra hands. Further, in the Cash Department there is also work which is of a temporary and casual nature which gives rise to a casual need of extra hands. In all these events the Bank engages casual hands. However, such situations do not require sanctioning of additional strength.

As these persons are required to deal with treasure, the Bank cannot possibly engage any person without screening the applicant before he is allowed to work in the Bank even on a casual basis. Therefore, even for engaging such casual labour it becomes necessary for the Bank to maintain a panel at each centre. A waiting list is therefore prepared (after due screening) which is current for one year only and as and when the need arises, the wait-listed persons are appointed only on day-to-day basis depending upon the need for casual labour. Prior to June, 1976 the waiting list also covered the existing and anticipated vacancies in the regular cadre

of mazdoors over a period of one year. Since June 1976, two separate waiting lists are being prepared :

List I for appointment as Mazdoors on regular basis;

and

List II for engagement against casual vacancies only.

Persons included in both the lists are, however, engaged on daily basis when necessary.

The waiting list of Mazdoors at Calcutta Office was finalised on 10th October, 1973 on the former basis and a total number of 222 candidates were included in the said list. The list was prepared after taking into consideration the following :

- (a) Number of vacancies of regular Mazdoors to be filled in.
- (b) Vacancies of regular Mazdoors anticipated to arise during the next year.
- (c) Number of persons that may be required as casual hands i.e. to work as Ticca Mazdoors.

It becomes necessary to include an additional number in the list, taking into account the possible drop outs. The normal period of currency of this waiting list was upto 10th October 1974 but it was allowed to be extended by one year i.e. upto 10th October, 1975 with the concurrence of the Central Office. It will thus be seen that in view of the regular vacancies in the cadre of Mazdoors being very limited and the work being of such nature as not requiring sanction of additional strength in the cadre, it is not possible to absorb all the ticca mazdoors on the waiting list in the permanent service of the Bank."

It is further stated that the services of ticca mazdoors are required only when there are vacancies on a particular day. Therefore, they are required to come to the office in the morning to verify whether there are any vacancies or not. There is no obligation on their part to report every day. If there are vacancies their services are engaged against the vacancies on rotational basis.

9. It has further been stated by the Bank as follows :

"It will not therefore be correct to state that their services have been engaged on "no work no pay basis". Their services are engaged as casual labour as and when a need arises for their services. The Ticca Mazdoors are paid at the rate of Rs. 7 per diem on week days and Rs. 4 on Saturdays. If they work continuously for 5 working days or more they are paid on a pro rata basis in relation to the wages drawn by regular employees in the cadre at the minimum of the scale. These scales were fixed by the Bank after taking into consideration representations by the All India Reserve Bank Workers' Federation, the recognised All India Union of Class IV employees of the Bank.

A person who is included in the list of ticca Mazdoors has no right to be appointed against a permanent vacancy in the Bank. A specimen of a written advice issued to those who were empanelled is enclosed (Annexure IV) which shows that mere inclusion of their name in the waiting list does not entitle them to any appointment in the Bank. The ticca mazdoors are in the nature of casual workers and are not employees of the Bank.

The issue relating to absorption of ticca mazdoors in question was initially taken up by the Reserve Bank Workers' Union, Calcutta which is a recognised Union to represent Class IV staff of the Bank. The decision of the Bank was communicated to the said Union in the background of certain Central Government Regulations to meet requirements in respect of Scheduled Caste/Scheduled Tribe candidates in prescribed percentages vis-a-vis claims of Ticca Mazdoors and the issue was discussed and finalised (Annexures V & VII) and in pursuance

thereto 28 Ticca Mazdoors out of total 87 have already been absorbed in regular service of the Bank. As the dispute is settled, it cannot be questioned by a small faction having no representative character to take up the dispute.

10. The concerned workmen are class IV employees of the Bank. It is contended on behalf of the management that the dispute is not an industrial dispute as it has neither been espoused by a substantial number of class IV employees of the Bank nor by a trade union or Association having a representative character. The dispute has been sponsored by the Reserve Bank of India Staff Association, an unrecognised and unrepresentative Association. The Bank has two recognised unions, one for class III employees and the other for class IV employees. Those are recognised unions, The Reserve Bank of India Staff Association, Calcutta, having its office at 1/1K, Rani Harsamukhi Road has sponsored the dispute. It is claimed that the said union is composed of class III and class IV employees and the strength of its membership is 155. It appears from the rejoinder of the union that there are 3,313 persons working in Calcutta offices including class III and class IV staff. The union is, therefore, not a representative body of class IV employees. It is also contended on behalf of the management that the concerned workmen are not members of the Reserve Bank of India Staff Association, Calcutta which itself is a splinter union. It is then contended that there is no evidence that the concerned workmen made any request to the union to espouse their cause. A dispute becomes an industrial dispute only if it is taken up by a union of which the concerned workman is a member and the union has a representative character. Then it is urged that there is no resolution of General Body of the sponsoring union to espouse the cause of the concerned workmen.

11. I may now go in to the evidence in this case. Sri Aswin Kumar Roy, General Secretary of Reserve Bank of India Staff Association, having its office at 1/1K, Rani Harsamukhi Road, deposed at the hearing. He stated that by a letter dated 31st August, 1976 addressed by a number of concerned workmen to the General Secretary of the said union those concerned workmen forwarded a copy of a representation made by them to the Manager, Reserve Bank of India, Calcutta and requested him to take up the dispute in the manner the Union deemed fit for ensuring their permanency of work. This document has been marked Ext. W-1. It appears to have been signed by 55 of the concerned workmen. Only four of the signatures could be identified by the deponent. The letter does not bear any rubber stamp of the union in acknowledgement of receipt. The deponent could not say in whose handwriting the body of the letter was written. He knew some of the people whose signatures were purported to be there. The letter, he said, was given to him by Subrata Roy and Pramode Kr. Das, two of the concerned workmen. He tendered a letter dated 20th August, 1976 addressed to the General Secretary, Reserve Bank of India Staff Association, Rani Harsamukhi Road, Calcutta. It is signed, according to him, by 13 permanent employees and not by any of the concerned workmen. Out of 13 he could identify the signatures of six persons. Those were marked by him with red pencil and made Ext. W-2. The document was marked Ext. W-6. By this letter the 13 workmen requested the General Secretary to take up the matter with the Bank so that Ticca mazdoors are absorbed permanently. In case the Bank failed to comply with the said request, the Secretary was requested to take up the dispute further with proper authorities to get these employees absorbed and to have the system of employment of casual labour abolished. I may add that this letter also does not bear any rubber stamp of the union. The deponent could not say who had typed the letter nor did he know under whose direction the letter was typed. When hearing was resumed on 29th November, 1978 the deponent tendered a letter dated 11th September, 1976 which was made Ext. W-4 by consent. This letter is addressed by the General Secretary of the Reserve Bank of India Staff Association, 1/1K, Harsamukhi Road, Calcutta to the Manager, Reserve Bank of India by which he made a request for absorption of Ticca mazdoors into the permanent service of the Bank. A typed list of 75 ticca mazdoors was annexed to the letter. Thereafter the deponent proved the minutes of the proceedings of a meeting of the Executive Committee of the sponsoring union dated 28th August, 1976 Ext. W-5. These minutes appear in the Minutes Book of the Reserve Bank of India Staff Association, Calcutta for the year 1976. In the minutes it is recorded "The Calcutta Reserve Bank

management has been going on employing since long casual persons styled as ticca mazdoors for permanent nature of job and thus is exploiting the poor workers. They are employed in such a way, so that they may not claim the benefit of permanency. The General Secretary produced in the meeting a letter represented by a few permanent class IV Staff of the Bank wherein they wish that our Reserve Bank of India Staff Association should immediately take up the case of Ticca Mazdoors for their absorption into the permanent services of Reserve Bank of India. After a threadbare discussion, it is unanimously resolved that the RBI Staff Association shall sponsor the dispute and the Secretaries are asked to proceed in the matter with the proper authorities." It may be added that in the Minutes Book, the letter dated 20th August, 1978 which is the same as Ext. W-2 has been found attached to the minutes of the meeting held on 28th August, 1976 by a pin.

12. In cross-examination the deponent conceded that the letter of 31st August, 1976 addressed to the General Secretary by 55 of the concerned workmen was not considered at the meeting of the Executive Committee, as it could not be. The resolution passed by the meeting was based on the request of the regular mazdoors. The union took action on the basis of the resolution passed at the meeting of 28th August, 1976. The decision to sponsor the cause of the concerned workmen was taken by the Executive Committee and not by the general body of the union. In fact, such sponsorship is not required. He said it is true that there are two Reserve Bank of India Staff Associations, Calcutta, one having its office at 1/1K, Rani Harsamukhi Road and the other having its office at Kalootala Street. He is the General Secretary of Rani Harsamukhi Road Association, Rani Harsamukhi Road Association is an off-shoot of the old trade union having its office at Kalootala Street. His union has got 155 members on its rolls. He could not recollect how many are class III and how many are class IV employees. The split took place in 1976 and the membership register was started at that time. The membership register has been made Ext. W-7. The Harsamukhi Road trade union is not yet a registered trade union. A dispute is going on with the Registrar of Trade Unions with regard to the registration of the union. In answer to a question put to the deponent by the Tribunal he said that the union is a composite union consisting of class III and class IV employees. Altogether there are a little over 3000 employees. In course of his cross-examination he stated that all the 75 Ticca mazdoors are members of the Harsamukhi Road union. The union considered ticca employees to be the employees of the Bank and as such accepted them as members. He said that the union generally does not put rubber stamps on letters it receives. He did not agree with the suggestion that Exts. W-1 and W-2 were prepared for the purpose of this case. I may add that the Rules and Constitution of the Reserve Bank of India Staff Association was tendered and marked as Ext. M-1 by consent of parties.

13. The Minutes Book do not appear to have been consulted by the Auditors as the auditors have not ticked off the minutes. The authenticity of the Minutes of the proceedings of the Executive Committee held on 28th August, 1976 was disputed on behalf of the management. The letter attached to the minutes, Ext. M-2, bears the date 20-8-78. Sri N. V. Sundaram, legal adviser to the Reserve Bank of India, stressed that this document to which reference is made in the resolution of 28th August, 1976 bears the date 20th August, 1978 and submitted that it must have been brought into existence for the purpose of this case. Moreover, it is not a little curious that although the letter is type-written, the date is in manuscript. It has to be remembered that the other copy of the same letter which has been made Ext. W-2 bear the date 20-8-76 in manuscript. Sri A. D. Singh, appearing on behalf of the Union stated from the Bar that 20-8-78 must have been a clerical error and should be read as 20-8-76. These two letters appears to have been typed on the same type-writer and one seems to be a copy of the other. If that be so, it is not a little strange that one should be dated 20-8-76 and the other 20-8-78. Even then, I am not inclined to dismiss the resolution and the letter dt. 20th August, 1976 as spurious or ante-dated as I feel that the date 20-8-78 may be the result of a genuine clerical error. The Union Secretary in his evidence stated that at the relevant time the total strength of the union was 155 members consisting of class III and class IV employees and the total number of those employees was a little over 3000. He also deposed that all the concerned workmen are members of the sponsoring union, a fact which is borne out by the membership register. Sri Sundaram contended on behalf of the management that the

entries of the names of the concerned workmen in the membership register should be rejected as not genuine because those names appear en bloc at the tail end of the membership register from page 47 onwards. In my opinion, for this reason alone, it will not be safe to hold that the concerned workmen are not members of the union. They might very well have become members at a late stage.

14. The dispute is in regard to 75 persons who were casual employees in the Calcutta office of the Bank. Of the 75 persons the Bank has since absorbed 28 as regular employees and three persons have voluntarily left the service and are no longer interested in employment under the Bank. In the result, the tribunal is concerned only with 44 persons, a fact which has not been disputed on behalf of the union.

15. Sri Sundaram contended that although the Secretary claimed to have filed with the Registrar of Trade Unions proper returns, he has not filed copies of those returns even though he was specifically asked questions with regard thereto. Had they been produced they would have shown the real numerical strength of the union. It was further urged by Sri Sundaram that under the bye-laws of the sponsoring union, the Executive Committee did not have any power to sponsor the dispute. Bye-law No. 9 provides that the day-to-day affairs of the association shall be managed by the Executive Committee. The bye-law makes it clear that the Executive Committee is concerned only with management. A resolution to sponsor a dispute must be passed or a decision in that regard has to be taken at a general meeting of the union. Therefore the union was not competent to sponsor the dispute on the basis of the resolution passed on 28th August, 1976 by the Executive Committee.

16. Sri Sundaram relied on a decision of the Supreme Court in Budge-Budge Municipality vs Sri P. R. Mukherjee, 1953 I LLJ, 195, for the proposition that an individual dispute must be espoused by the trade union of which the workman is a member or by a large number of employees. Therefore, the workmen in respect of whom the dispute is raised should be members of the trade union concerned. He relied on the following observations at page 199 of the Report :

"But at the same time, having regard to the modern conditions of society where capital and labour have organised themselves into groups for the purpose of fighting their disputes and settling them on the basis of the theory that in union is strength, and collective bargaining has come to stay, a single employee's case might develop into an industrial dispute, when as often happens, it is taken up by the trade union of which he is a member, and there is a concerted demand by the employees for redress."

He also relied on the case of Newspapers Ltd. v. State Industrial Tribunal, U.P., 1957 II LLJ p. 1. There the Supreme Court quoted with approval a passage from an earlier judgment of the Court in D. N. Banerjee v. P. B. Mukherjee reported in 1953 I LLJ, 195 at page 198. The passage reads :

"A single employee's case might develop into an industrial dispute, when as often happens, it is taken up by the trade union of which he is a member and there is a concerted demand by the employees for redress."

He also relied on the decision in Workmen of Messrs Dharam Pal Prem Chand v. M/s. Dharam Pal Prem Chand, 1965 I LLJ 668. The Court observed at page 670 of Report :

"But the decisions of this Court have consistently taken the view that in order that a dispute between a single employee and his employer should be validly referred under Section 10 of the Act, it is necessary that it should have been taken up by the union to which the employee belongs or by a number of employees."

As I have indicated earlier, there is evidence that all the 44 concerned workmen are members of the sponsoring union. Therefore, the union cannot be held to be incompetent to sponsor the dispute on the ground that the concerned workmen are not its members.

17. As regards the objection that according to the bye-laws of the sponsoring union, a valid resolution to sponsor a dispute can be taken only at a general meeting and not at a meeting of the Executive Committee, I cannot say that the point is without substance. On a careful consideration of the bye-laws it seems to me that the Executive Committee is

concerned with management of the Union's affairs and other duties specially assigned to it under bye-law No. 9. It seems to me that the Executive Committee is not competent to decide by a resolution to sponsor a particular dispute as that is not a managerial function. Under the bye-laws, it is for the general meeting and not for a meeting of the Executive Committee to pass a resolution to sponsor a dispute. The contention of Sri Sundaram is, therefore valid.

18. The other substantial objection is directed against the locus standi of the union and its representative character. Sri Sundaram relied on a decision of the Supreme Court in *Pradip Lamp Works v. Its Workmen*, 1970 I LLJ 507. In that case, the Supreme Court held that an industrial dispute can be espoused even by an unrecognised union which represents a substantial number of workmen. In paragraph 8 of the judgment the Court observed :

"There are decisions of the Court which have laid down that espousal of a dispute before a reference is made even by a minority union, having a membership of substantial number of workmen, is sufficient to make such a dispute an industrial dispute." (See *Workmen of Indian Express vs. Management*, Civil Appeal No. 1733 of 1967 dt. 26th November, 1968).

Sri Sundaram also relied on the case of *Workmen of Karnal Kaithan Cooperative Transport Society Ltd. v. Labour Court, Rohtak*, AIR 1962, Punjab 231. By that decision it was held by the High Court that "in order to convert an individual dispute into an industrial dispute, it is necessary there should be a substantial number of co-workmen of the aggrieved employee to take up or the union which espouses his cause must represent a substantial number of his co-workmen". In *Nallal Cotton Mills vs. Labour Court, Madurai*, 1965 I LLJ 95, the Court held that mere espousal by a union is not sufficient to make it an industrial dispute unless the union had a substantial number of the employees on its roll. In addition, the substantial number of employees should have supported the decision of the union to espouse the cause.

19. Sri Sundaram then relied on the case of *Kandan Textiles Ltd. v. Industrial Tribunal, Madras*, 1949 LIJ 875 at page 880; AIR 1951 Madras 616. He relied on the following observations of the Court as relevant to this case :

"In the absence of any definite particulars as to the membership of this union, and its representative character, and in the absence of anything to show that it was decided by the workmen members of this union by resolution or otherwise to take up the cause of the aggrieved workmen and in the absence of evidence to show that the aggrieved workmen put forward the president of this union as their representative and spokesman, it is impossible to hold in law that an industrial dispute existed between the employer and the workmen to enable the Government to make an order under Sec. 10(1) of the Act... In our opinion, it was incumbent on the union by production of the relevant records to positively establish the fact that the union is entitled to represent and that it is, as a matter of fact, representing these 36 aggrieved workers."

20. According to the evidence of the General Secretary himself only 155 workmen consisting of class III and class IV employees are members of the sponsoring union. The total number of workmen is a little over 3000. If it is for the union by production of the relevant records or by other means to positively establish the fact that the union is entitled to represent the concerned workmen by reason of its representative capacity, the Union has failed to do so. According to the evidence of the General Secretary, if class III and class IV employees are taken together or even if the distinction between class III and class IV is ignored, it has to be accepted that the sponsoring union represents a very small fraction of employees of these categories. I am, therefore, constrained to hold that the union which has sponsored the dispute lacks representative character and is therefore not competent to represent the concerned workmen. There is therefore no industrial dispute and the reference is incompetent.

21. A further objection to the maintainability of the reference has been taken on the ground that the casual workmen or badli have no claim to permanency as a matter of right. Sri Sundaram relied on the case of *Sukhjit Starch & Chemicals Ltd., vs. State of Punjab*, 1962 II LLJ, 269. In that case one of

the items of the terms of reference with which the industrial tribunal was concerned was as follows : "Whether the badli workmen should be absorbed in permanent posts. If so, with what details ?" By its award, the Industrial Tribunal directed the employers to bring 12 badli workmen on the roll of permanent hands with attending privileges at once and named all those 12 workmen in the said award. As regards others, a direction was made to the effect that the management should consider for permanency in the case of others as and when they completed 200 days of continuous work. The award of the Industrial Tribunal was challenged by a writ petition. The learned Judge relied on the decisions of the Labour Appellate Tribunal of India in *Nelimala Jute Mills Co. Ltd. and Chittavals Jute Mills Co. Ltd. vs. Their Workmen*, 1953 II LLJ 512 and *Muir Mills Co. Ltd. vs. Ramlal*, 1956 II LLJ 535. The Court held that badli workmen have no right to claim that they should be made permanent. Obviously the badli workers in the instant case according to definition of badli given in the Standing Orders could be deemed to be workmen on those days only when they are actually appointed in the post of a permanent workman or a probationer who is temporarily absent. Hence, the Industrial Tribunal had no jurisdiction to make the impugned direction in the award.

22. In the case of *Gayadin Ram v. S. K. Guha*, 63 CWN 639, the High Court of Calcutta considered the position of Casual Labour and observed :

"It has been held that they were workmen in respect of particular jobs which may even be a job for a particular day or for a particular item of manufacture. It has further been held that such casual workers ceased to be workmen after the work was finished or the period for which they were employed had run out, see *Cooper Allen & Co.* 1951 II LLJ 478, *Took Tea Estate*, 1954 I.A.C. 349. In this case, if we have to consider these workers as casual workers, that can only mean that they were inducted for a particular job... Nevertheless, the learned Tribunal has decided that these workers should be provided with jobs which they previously used to do, on their offering themselves for it. That can only mean that they should be provided with the kind of jobs, which they previously used to do. The only result of giving effect to this finding would be to transform casual workers into permanent workers. The decision of the learned Tribunal would entitle them at any time to go to the petitioner, and compel him to create jobs for them. That, I think, is beyond the scope of the reference and is a task which is impossible for the petitioner to carry out. Under the circumstances, this part of the decision cannot be supported and must be quashed."

23. Apart from my finding that the dispute having been sponsored by a Union which lacks representative character, there is no industrial dispute, I am further of opinion that having regard to the above decisions and the principles underlying them, the 44 concerned workmen are not entitled to permanent absorption in the regular service of the Reserve Bank of India and no direction should be issued in that regard. I have also held that on a proper construction of the constitution of the sponsoring Union, the Union has not been validly authorised to espouse the cause of the concerned workmen in the absence of a resolution passed at a general meeting of the union.

24. In the view I have taken, the reference is incompetent and is, therefore, rejected.

STATE : West Bengal INDUSTRY : Coal Mining
AWARD

Dated, Asansol, the 29th November, 1979

No 1(1)/78-B. 3/E.1

The management of Poidih Colliery of Dishegarh Area of Eastern Coalfields Ltd. and their workmen represented by Koyla Mazdoor Congress (H.M.S.—Regn. No 11382), Asansol, entered into an arbitration agreement on 21-8-78 which was published in the Gazette of India, Part II, Section 3 Sub-Section (ii) dated 23-12-1978 as S.O. 3674 (Vide notification No. L-19013(4)/78-D. IV(B) dated 8-12-78) referring the following disputes to my arbitration :—

- (1) "Whether the demand of the underground loaders of Poidih Colliery for payment of wages/fall back wages on 1st May, 1978 is justified " if so, what relief the workmen are entitled to ?"
- (2) "Whether the workmen are entitled for any wages for the strike period from the 17th to 21st August, 1978."

The time for giving arbitration award was extended from time to time by the parties mutually in writing. The hearing was held on various dates. On behalf of the management Shri Z. Rehman, Ex-Manager, Poidih Colliery Shri M. Hussain, Sub Area Manager, were examined. On behalf of the workmen S/Shri Jhinku Jaiswara and Rampiyare Harijan were examined. Both the parties after closure of the deposition of the witnesses presented oral as well as written arguments.

As regards the first term of reference, it is admitted that on 1-5-78 the engineering workers namely, haulage khalasis, boiler firemen, winding engine khalasis and others struck work and hence the work underground had to be suspended. Thereafter, according to the management, the underground loaders were directed to work on surface, as wagon loaders or stackers. According to the evidence of Shri M. Hussain, Sub Area Manager, a notice was put up on the notice board on 1-5-78 stating that all underground loaders should load wagons and do stacking on surface as an alternative job. Thereafter, a further notice was served to the individual workmen on 3-5-78 stating that they would not be paid wages for 1-5-78 as they did not do alternative job of wagon loading and stacking on the surface. The said notice dated 3-5-78 was also replied by the workmen stating that they had not been offered alternative job at all. The workmen S/Shri Jhinku Jaiswara and Rampiyare Harijan deposed that they did not get any notice to work as wagon loaders on 1-5-78 but they got information only on 3-5-78. Even otherwise they stated that they have never worked as wagon loaders and there is lot of difference between the work of wagon loaders and underground loaders. It was stated by Shri Z. Rehman, Produc-

tion Manager, that only in one instance as per his information in 1972 in Chinakuri Colliery underground loaders were made to work as wagon loaders. As per explanation to Section 25M of the Industrial Disputes Act, 1947, instead of laying off the workmen, the employer can offer alternative employment, which in the opinion of the employer does not call for any special skill or previous experience and "can be done" by the workmen. In this case the underground loaders were asked to work as wagon loaders and stackers. The workmen while contesting the fact of having been offered alternative employment on 1-5-78, have also taken a plea that they could not work as wagon loaders or stackers. It is admitted that on 1-5-78, the workmen had not been served any individual notices to work as wagon loaders or stackers, but such individual notices were served only on 3-5-78 notifying them loss of wages for 1-5-78. There is no conclusive proof to show that the underground loaders were performing alternative employment of wagon loaders/stackers on any similar occasion earlier. The management did not produce any record or could not cite instances except as stated by Shri Z. Rehman that too in 1972. It is thus clear that the underground loaders concerned have had no practice of working as wagon loaders or stackers. It can not be said that work of wagon loaders/stackers does not require any special skill or experience. Apart from that, the clause "can be done by workmen" means not only physical capability of the workmen but its acceptability on the part of the workmen. The full bench of the Labour Appellate Tribunal of India decided as far back as in 1955 that the alternative employment should be a proper offer and they held that the skilled workmen could not be offered jobs of sweeper or mazdoor and their refusal to accept such offer cannot be held to entail forfeiture of their right to get lay off compensation (LLJ-1956-1-327). The present case also, would be covered by the said decision of the Labour Appellate Tribunal. The workmen were not individually notified about the alternative employment and even if they came to know of the same, they could not be penalised for having not worked as wagon loaders and stackers, as the said job could not be considered alternative employment which could be done by the said underground loaders. There is also no proof to show that adequate job of wagons loading/stacking was available on the surface on 1-5-78.

Taking all the above matters into consideration, I hold that the management's action in refusing to deny any wages to the workmen on 1-5-78 was not justified. Under these circumstances, they shall be deemed to have been laid off and I hereby hold that the said workmen, Basdeo Singh and 49 others are entitled for lay off compensation, which shall be equal to 50 per cent to the total of the basic wages and D.A. including the other components of wages treated as 'basic' for all purposes. I hereby direct the management to pay lay off compensation accordingly to the said workmen within a month from the date of this award.

Regarding the second reference relating to wages for the strike period from 17-8-78 to 21-8-78 the facts are as follows :—

The Koyla Mazdoor Congress gave a strike notice dated 27-7-78 listing 10 demands addressed to the various authorities/heads of the management of Eastern Coalfields Ltd. with copies to the Regional Labour Commissioner (Central), Asansol. The matter was seized in conciliation by the Assistant Labour Commissioner (Central), Asansol, immediately thereafter. The conciliation proceedings came to close on 21-8-78, with signing of a settlement under Section 12(3) of the Industrial Disputes Act, 1947. In the meanwhile, the workmen went on strike from 17-8-78 to 21-8-78, no doubt to force settlement of the issues. Coal industry has been declared as public utility service; the strike could not have been resorted to without issue of proper notice. The strike, also, was resorted to during the pendency of the conciliation proceedings. Under these circumstances, the strike resorted to was "illegal" within the meaning of Section 24 of the Industrial Disputes Act, 1947. Hence, as per the existing law, no wages shall be payable for the period of an illegal strike, irrespective of its justification. Hence, I decide this issue accordingly.

ORDER

New Delhi, the December, 1979

S.O. 4125.—Whereas the Central Government is of opinion that an industrial dispute exists between the employers in relation to the management of Rourkela Steel Plant of Steel Authority of India Ltd., and their workmen in respect of the matter specified in the Schedule hereto annexed;

And whereas the Central Government considers it desirable to refer the said dispute for adjudication;

Now, therefore, in exercise of the powers conferred by section 7A and clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby constitutes an Industrial Tribunal of which Shri M. V. Gangaraju shall be the Presiding Officer, with headquarters at Bhubaneswar and refers the said dispute for adjudication to the said Tribunal.

SCHEDULE

“Whether the action of the management of Barsua from Mines of Rourkela Steel Plant of Steel Authority of India Ltd., in not regularising in service 42 temporary workers, as mentioned in the annexure, is justified? If not, to what relief the workmen are entitled and from which date?”
